IN MEMORIAM

In memory of our dear daughter Madeline T. Butcher, who departed this life two years ago, October 27, 1918.

Dear is the grave where my girl is laid,
Sweet is the memory which shall never fade.

Death of my life is buried deep,
Under the sod where my dear girl sleeps.

Dear Madeline, my heart is sore
As time rolls on I miss you more,
My heart still mourns as you sleep in peace.

The parting was painful, but God knew best.

No more upon this earth
Will I see her loving face.

There is no one in this wide world
Can ever take her place.

Dr. Stewart is remembered as being in Alexandria last fall in a remarkable meeting which stirred the community. Dr. Stewart is this week engaged in a city-wide campaign in the city of Norfolk, but will certainly be here on next Monday evening. It is said by those who have heard him that this popular Washington pastor is the equal of Gypsy Smith in evangelistic work. Cottage prayer meeting are being held all over the city preparatory to these services.

DO NOT FORGET THE POOR

Appeal Made by Free Methodists. We have received some responses to the appeal we made some time ago for financial aid for needy families of this city. We are very thankful for what has been sent so far, but we trust that those who have felt that they ought to give and have not done so yet, will do so in the near future for we are handicapped in the work that we are engaged for lack of means. We have only been able to give a small amount on a very few cases that we have happened to get acquainted with, when we would like to be in a position to look up those who were suffering, and minister to their needs, if we only had the money to supply them.

We have used more than has been received from others and that we have subscribed for this work and still all of the present needs are not supplied.

I wish that all who have contributed could have seen the tears of joy that were shed as a result of the relief that was given. I am sure that the Lord is speaking to many in Alexandria, who have enough and to spare, in reference to these needy ones.

I want to assure you again that I will use care to see that only worthy people will be helped out of this fund. And I invite investigation of my accounts and of the work that I am doing and also ask your co-operation in this work.

Send all communications to L. H. Kelley, pastor of the Free Methodist Church, 537 North Columbus street.

FACULTY APPROVED

At a meeting of the Parent-Teachers' Association of this city held October 26th, a motion was made and unanimously adopted, endorsing the action taken by the teachers of the Alexandria High School in protesting against the use of the auditorium as a class room. It is sincerely hoped that the school board may adopt another solution for this problem.

Peele against Irvin Payne and others in which Mr. Peele sought to recover damages in the sum of \$500 as the result of an automobile collision in which he was injured, June 11 gave a verdict of unavoidable accident and did not assess any damages. The jury was out half an hour. This was the second trial of the case, the first resulting in a hung jury.

City Drivers' Petition Denied—Boost Salary of Alma House Keeper—Want Action on Committee

A delegation of resident of George Washington Park appeared before common council and urged speedy action on the part of council in order that they may obtain water from the Alexandria Water Company at their homes in that park. Those who addressed council on the subject were F. Clinch Knight, W. S. Risdon, Mrs. Macdonald Douglass and W. T. Penn. Letters were read from two residents who were unable to attend.

A letter written by an official of the water company to one of the petitioners was read by Councilman McCaffrey. The cost of installation of the pipes to supply this addition with water it set forth would be such that it would necessitate a return of \$400 a year to the company whereas the return received from the petitioners would yield but \$110 a year.

Councilman Lawler explained that he resolution to compel the company to supply the residents with water and been adopted by council and it is now up to the corporation attorney to see that action is obtained.

MRS. RAFTER'S LECTURE

As has been announced before, Mrs. Giles Scott Rafter, of Washington, will address the Parent-Teachers' Association at an open meeting of that body, Thursday evening at 8 o'clock in the Young People's Building.

The association realizes that there are other meetings of peculiar political interest being held this week and even this night, but it feels that the schools are properly a matter of interest and importance to the whole community and hopes that the public will not miss this opportunity to hear a speaker of Mrs. Rafter's calibre. She is a pleasing speaker and on account of her wide experience will be able to give ideas and suggestions which can only come from such experience.

Mrs. Rafter will talk on "Co-operation of Parents with Schools." Surely, here is a subject which will appeal both to the parent and the teacher and it is hoped that both will be present in large numbers.

A musical program will also be rendered so that music-lovers may anticipate a pleasant evening. It is possible that Mrs. Rafter will bring with her another woman who is experienced in community singing. This will be of interest to those who enjoyed the community sings during the war.

It was also decided by the association that Thursday night be known as "Fathers' Night," and the school room which is able to get the greatest number of fathers out will receive a prize. Mothers will be welcome, as always, but the attendance contest is up to the fathers. Don't disappoint your children.

INSTRUCTIONS

TO NEW VOTERS

An interesting feature of the democratic rally at the Opera House tonight will be a large chart in the form of a dummy ballot, with the aid of which voters will be instructed as to how to mark their ballots on election day. This instruction will be particularly useful to the lady voters, who have never voted in a presidential election, and will doubtless be surprised and confused when presented with a ballot some four feet in length, and told at the polls that they must mark it without assistance.

For Halloween Baby

Merchants Offer Valuable Gifts as Prize For First Child Born After Midnight October 31.

The first baby born after midnight of October 31, is going to be a well equipped youngster. Through the efforts of the Gazette and the generosity of the Alexandria merchants, the first youngster to set up a tiny wail on Halloween morning is going to be the recipient of almost everything from a bouquet of flowers to a sweater to keep it warm during the coming winter months.

The gifts will not be distributed until after the official returns of the city physicians are made to Dr. L. E. Foulks, head of the city health department on November 10th, at which time the winner of the gifts will be announced in the Gazette.

The time limit set upon the giving of the gifts for the baby is from midnight Saturday night, October 31 until midnight Monday night November 1st. This makes a total of 48 hours will give baby its first bouquet; R. E. make an exact record of the time of birth of any babies they are called to attend.

Two pages of advertising containing the gifts to be donated to the lucky youngster will appear in the Gazette tomorrow and at the time of the announcement of the winner, the Gazette will present its parents with an order on each of the stores for the article named in the advertisement.

Baby's first pair of shoes will come from the P. M. Bradshaw shoe store; its first wool sweater is to be given by Swan Brothers; Julius Wolf has donated a wool crib blanket; Mrs. C. E. Bradley will give a Royal Society package containing a dress, slip and bonnet; G. G. Wolf will give baby its first bouquet; R. E. Knight and Son have donated a large baby doll; baby's first photograph will be taken free by the Alexandria Studio; S. F. Dyson and Bro. will give either a baby record book or a book on the care and feeding of the baby; baby's first box of talcum powder and puff will come from the Rexall store; M. Spedding will give its first pair of wool booties; Michaelbach's furniture store will donate a handsome Chinese grass rocker; R. C. Aston and Sons will give the youngster a beautiful infant's ring set with a diamond and a locket and chain bearing the baby's initial will come from the jewelry store of Saunders and Son.

With this layout of gifts the first baby born on Halloween morning or during the 48 hours when this contest is in force, should be the happiest baby in Alexandria. The merchants have kindly agreed to give these articles upon solicitation of the advertising department of the Alexandria Gazette and should be complimented on their generosity in this respect.

FAVORS CUT IN HEALTH DEPARTMENT

Mayor Duncan Urges Council To Drop Three Attaches

WOULD SAVE CITY \$3720

Favors Dispensing With Services of Bacteriologist, Nurse and Clerk—Department Now Costs \$7720.

Abolishment of three attaches of the city health department resulting in a saving to the city of \$3720 is recommended by Mayor James M. Duncan in a communication submitted to the city council at its meeting last night. The matter was referred to the joint committee on health and finance. Mayor Duncan's communication follows:

Alexandria, Virginia, October 26, 1920.

City Council of Alexandria, Virginia, Gentlemen:

At my inauguration as Mayor of the City of Alexandria I stated that I would from time to time take up with you such matters as, in my opinion, required your consideration.

In pursuance of that policy I bring to your attention the present condition of the Department of Health.

The Public Health service of the City of Alexandria consisted on July 1, 1918 of the following officers and at the salaries named:

Dr. E. A. Gorman, health officer \$600 per annum; Dr. J. J. Garvey, deputy health officer \$400 per annum; Dr. W. A. Wardfield, physician to poor \$200 per annum; Total \$1300 per annum.

which was at that time the annual cost to the city of the maintenance of the department of health.

On July 16, 1918 the city council made an appropriation of \$10,000 for sanitary purposes, and later additional appropriations were made. At that time the health officer received no salary from the city, being paid by the U. S. Public Health Service. Yet in spite of that the net cost of the health department to the city was for the year ending May 31, 1919, \$8,603.96. (See pages 5, 6, 7, 8 and 9, financial report 1918-19). An increase over the previous year of \$7,303.96.

This was all prior to June 1, 1919, the date from which the Health Department as now organized, began. From figures furnished me by the City Auditor and which will appear in the Financial Report 1919 to May 31, 1920, when published, it will be seen that the net cost of the Health Department to the City for that period was \$7,529.87 of which amount \$7,304.91 or all of the enormous total of the cost of the department but \$224.96 was paid as salaries to employees of the Department, which shows that this department is, for the city, a very expensive luxury.

Up to October 12, 1920, the present year, the so called "incidental" expenses of the Health Department, which do not include any part of the salary of officers or employees amount to \$338.87. And the officers' and employees of the Department at this time and their annual salaries are as follows:

Health Officer, \$2500 per annum; Deputy Health Officer, \$1500 per annum; Bacteriologist, \$2000 per annum; Nurse, \$1000 per annum; Clerk \$720 per annum; total of salaries alone \$7720 per annum.

These figures are taken from a detailed report made for me by the City Auditor which I will gladly furnish for your closer examination, on your own, of course, secure them directly from the Auditor; and they show an increase in salaries alone in two years of \$6420.00.

There is also before me, which I shall be glad to have you examine, a detailed report of the expenditures of the Department of Health for the year from July 1, 1919, to June 30, 1920, and for the month of September, 1920. These reports do not, in my opinion, show anything like a justification for the enormous cost of this Department to the City of Alexandria, and I urge upon the Council a very careful examination of these expenditures with a view to an immediate reduction of the speaking expenses of the Department. In order that the Council may be fully and intelligently advised

I suggest that this whole matter be referred to your committee on Health for immediate investigation and report, and I recommend that the following positions in the Health Department and attendant salaries be immediately abolished.

First—The Bacteriologist at a salary of \$2000. This office is apparently of no practical benefit. Such work as he is called upon to perform can easily be done in Richmond at state expense, without cost to us.

Second—The Nurse at a salary of \$1000. There is already one public health nurse in Alexandria, at no cost to us. City, and also a school nurse, and I am informed that the Red Cross intend to employ a nurse in the City. I believe that a separate nurse for the Health Department is absolutely useless to the city.

Third—The clerk at a salary of \$720. Such clerical work as is necessary can easily be performed by the Health Officer and his assistant.

The elimination of these positions and salaries will result in a clear saving to the city of \$3720 annually without in any way impairing the value of the department.

You will understand that the recommendation for the abolishment of the above positions is not meant as any criticism of the present incumbents of them, but the present state of the city finances do not justify the unnecessary expenditure of any part of the City's money, and is made solely in the interests of the citizens, whose burdens are already too heavy, and of an economical and successful business administration.

Respectfully,

J. M. DUNCAN, Mayor.

O. E. S. ENTERTAIN

Martha Washington Chapter, Order of Eastern Star, entertained last night, in the Elks' auditorium, in celebration of the ninth birthday of the chapter.

The stage was beautifully decorated with palms and tall baskets of cut flowers, and at the conclusion of the program, a table, bearing a large birthday cake, was placed in the center of the stage.

Mrs. Charles Tenneson was chairman of the entertainment committee, and an excellent musical and literary program was presented to the appreciative audience.

A number of the grand lodge officers from Washington were present.

Case Unsolved

Murder of Maj. Scanland as Much Mystery Today as Ever

The authorities investigating the murder of Frank M. Scanland of Youngstown, N. Y., whose body was found last Friday evening in the woods a mile north of Alexandria, to day admitted that they have no new clues and are baffled in this mysterious case.

Every clue thus far furnished has been run down and none have proved of any significance.

The clue furnished by Harry W. Wade a printer of 313 King street, that he saw a man knocked down and whisked away from the corner of Tenth and E streets northwest, Washington has been investigated and it is stated by the Washington police that the man guilty of the assault was found the next day for the offense, being arrested the night of October 16.

An anonymous communication signed "Idem," suggesting that Chief Goods interview five persons to see if they could shed any light on the case also has been received, and the Washington authorities also have received a number of unsigned communications in reference to the case. It is believed all are the work of cranks.

COX SAYS VICTORY AT POLLS IS SURE

Will Be Landslide in Repudiation of Senatorial Oligarchy

PRAISE PRESENT RULE

Preaches League of Nations in Three States—Points to Widespread Prosperity Country Has Enjoyed

Ashland, Ky., Oct. 27.—In a tour yesterday touching three States, West Virginia, Kentucky and Ohio, Governor Cox of Ohio, preached the League of Nations and also reverted to the idea that under the last eight years of Democratic administration there had been widespread prosperity. "You boys don't want any more normalcy," he said, denouncing the "normalcy" meant a full dinner pail and "little more." A landslide to victory a week from today was predicted by the Governor.

"It will be a repudiation," he said, "of the Senatorial oligarchy, not a partisan, nor a Democratic victory, but a victory for peace."

At Kenova, W. Va., this morning, the Governor spoke bareheaded in a light breeze, which turned into a tempest, at a baseball park. Motoring to Cincinnati, Ky., the candidate spoke from the campaign steps to another huge audience standing in the rain, and at Ashland, Ky., he addressed a crowd from a platform on a vacant lot after a brass band parade through the streets. Seven factory whistles shrieked during the candidate's Kentucky visit. A special train was arranged to take the Governor to Portsmouth, O., for his re-entry into his home State late yesterday afternoon.

The Governor closed his West Virginia campaign with another appeal for the League of Nations, and a state man that the churches, labor and women were together in the movement which, he said, was "sweeping the country."

In this connection the Democratic Presidential candidate called attention to statements a year ago of former President Taft, which, the Governor said, prophesied his present view of the situation.

"I desire to pay Judge Taft a tribute," said the Governor. "He possesses a gift I did not think was his. He has the gift of prophecy. Speaking just about a year ago in West Virginia, he said that Labor would endorse the League of Nations because of its later provisions; that the churches would endorse it because it is right; and then if the women were given the vote, they would all be for it because of their abhorrence for war; and in the last week it is perfectly apparent that Judge Taft correctly visualized the future."

"From pulpit and congregation comes the same story of religious fervor. No class has been reading the League more industriously than the labor. I found miners in the mountains of this State thoroughly familiar with it; and the Republicans are having trouble with their women's meetings—all of which bears eloquent tribute to Judge Taft's foresight."

"It is sweeping the country," Governor Cox declared today to amplify his statement at Huntington as to his position regarding ratification of the treaty of Versailles and attendant reservations. The Governor motor-d here early today from Huntington.

IN MEMORIAM

LAVINUS—In sad, but loving remembrance of my dear daughter, MINNIE, who died October 27, 1918, of influenza.

We may have our sorrows,
Some griefs quickly die away,
But the loss of our dear daughter,
Grieves my heart from day to day.

God called her, it was His will,
But in our hearts, we love her still.
Her memory is as fresh today
As the hour she passed away.

Sweet and peaceful be her rest,
Forget her, we can never.
God called her, He knew best,
His will be done forever.

WHO KILLED THE LEAGUE?

The Republicans who are trying to shift the guilt of the defeat of the peace treaty from their own party to the President are refuted by a roll call in the Senate. The President sent the peace treaty to the senate, and thereafter he had nothing to do with it until the Senate had ratified it in some shape or other. The idea that he should have gone into a caucus with the Senators to find out in what form they would like it is monstrous. There was nothing for him to do till the Senate had ratified the treaty in the form in which they liked it. They never did this.

The Republican story that the Democratic Senators were puppets in the hands of the President is refuted by a Senate roll call. The oft repeated statement that he would not consent to the "dotting of an i" or the crossing of a "t" is refuted by Senator Hitchcock, who prepared five amendments or reservations, which the President assented to, and by the President's letter to Senator Glass approving of the Virginia Democratic platform, which was incorporated in the national platform.

On March 21 the Senate voted on the treaty, and it failed to get two-thirds though 23 Democratic Senators voted for the Lodge reservations in order to secure ratification. In spite of that the Republicans defeated the treaty. Twelve of them voted against the treaty and the Lodge reservations. There is the Senate record, and it refutes the Republican lies. The Republicans killed the treaty even with Lodge's modifications, and the roll call is proof.

When Mr. Taft was President the Senate ratified two treaties with amendments of which he did not approve, and he pocketed the treaties. And now he has the effrontery to denounce the President for vanity and egotism in not accepting reservations which nullified the treaty and which the Senate had never agreed to. If the 12 Republican Senators had voted for the treaty with the Lodge reservations the treaty would then have gone to the President, and he would have had the responsibility of accepting it or rejecting it. The 12 Republicans voted against the treaty with reservations lest it should be ratified and the President should accept it.

DODSON KILLING USE OF CALOMEL

Says Drug is Mercury and Acts Like Dynamite on Your Liver

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason, Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

SAYS TANLAC BUILT HER UP TO 135 POUNDS

Little Rock Woman Could Not Regain Her Strength After Operation Until She Takes Course of Tanlac.

"I have taken six bottles of Tanlac since January, and my wonderful improvement is pretty good proof that it was the right medicine for me," said Mrs. Enslin McAdams, of 260 Maple street, Little Rock, Ark.

"For a long time I had stomach trouble and suffered beyond words to tell. For months I was in perfect agony and ate so little I was simply starving. I fell off till I weighed only 83 pounds, and suffered such awful pains from the gas on my stomach that my nerves were shattered and my strength all left me. I was advised to have an operation but felt

too weak and nervous to stand it. I began taking Tanlac in January, 1919, and in a short time the gas stopped forming and I could eat my meals with more comfort, for I could digest my food with less trouble. I picked up several pounds in weight, my nerves improved and I felt much stronger.

"Then I had the operation performed, but for several months afterwards I was still very weak. Again I began taking Tanlac and it has actually built me up till I now weigh a hundred and thirty-three pounds. I am now eating just anything I want without the least trouble afterwards, my nerves are in perfect condition, I sleep soundly every night and have strength to do my work without getting tired."

Tanlac is sold in Alexandria by Edgar Warfield, Jr., and Gibson's Drug Store.

Eruptions of the Skin Cause Torturous Itching

If you are afflicted with any form of skin disorder, you are well acquainted with the flaming, burning itching that these diseases produce.

Skin diseases are caused by an impurity or disorder in the blood, and there is no real and genuine relief within your reach until such impurities are removed.

S.S.S. has given great satisfaction in the treatment of these dis-

orders, because it is such a thoroughly satisfactory blood purifier. It cleanses the blood of all impurities, and thus counteracts the effects of the curms that attack the skin.

Begin taking S.S.S. today, and if you will write a complete history of your case, our medical advisor will give you expert advice without charge. Address: Chief Medical Adviser, 153 Swift Laboratory, Atlanta, Ga.

A GREAT BARGAIN

We have had placed in our hands for sale, the old Alexandria Hospital building. This property has been used for several years as a rooming house, and has paid \$150.00 per week net profits. The demand for rooms will soon be as great as before, or you can arrange the rooms as apartments to advantage. The building contains about 30 rooms. The group is really composed of three substantial brick buildings. This property could be used as a private hospital with profit. 254-3p.

PUT FIGHTING QUALITIES IN YOUR BLOOD

If You Are Pale and Weak, Without
Ambition, You Need a Tonic

TRY TAKING PEPTO-MANGAN

Rich, Red Blood Fights Off Disease
And Keeps You Well and Enables
You to Work With Pleasure

Serious sickness often comes when
you least suspect. You may feel a lit-
tle over-tired. You haven't been ex-
posed to contagion, yet all of a sud-
den you are flat on your back and in
for a siege of sickness.

Your blood did not have fighting
qualities. It was weak and thin. Your
vitality and powers of resistance were
low.

When you overdo you use up energy.
Your blood is driven to do more than
it can. It becomes clogged with waste.
The waste acts like poison. Disease
germs get in your blood and dominate.
It takes rich, red blood that will resist
don't let yourself get run-down. Take
that good tonic, Pepto-Mangan. It
and rout out disease germs.

Pepto-Mangan is widely and beauti-
fully endorsed by physicians. It is effec-
tive and easy to take. Comes in
either liquid or tablet form. Both have
the same effect.

Sold at any drug store. But be sure
you get the genuine Pepto-Mangan—
"Gude's." Ask for it by the name and
be sure the full name, "Gude's Pepto-
Mangan," is on the package.

Ground-Swell for League Over- whelming Republican Cause.

New York, Oct. 26.
HON. R. A. JAMES,
Chairman State Democratic Com-
mittee,
Richmond, Va.:

The ground-swell for the league
and the Democratic ticket is about
to overwhelm the Republicans. The
most reprehensible and untruthful
campaign in political history is at
the brink of defeat. Now is the
time for Virginians to redouble their
efforts, if such great efforts as they
have made can be redoubled. Let us
make overwhelming the victory which
is certain. I shall ever be grateful
for the patriotic efforts you have put
forth in behalf of a cause greater
than any personality of mine, but I
must always feel under a personal
debt to you for what you have done
in my name.

FIREMEN SAVE DYING GIRL

Young Women Is Left In Gas-Filled
Room By Men.

Chicago, Oct. 27.—Firemen yester-
day responded to a call in a remote
part of the city, where they found
Martarana Domencia nearly dead
from asphyxiation in a gas-filled
room.

The girl said that when she left
home yesterday morning for work two
men seized her, threw her into a taxi-
cab and took her to the room. The
men fought with her, she said, for
two hours, then threw her on the
floor, turned on the gas and departed.
A man known as "Tony" is said by
the girl to have been annoying her
on many occasions with his advances,
which she spurned.

END OF DANSEY CASE

Suspects In Boy's Disappearance
Discharged From Custody.

Mays Landing, N. J., Oct. 27.—
The last chapter in the Dansey case
was properly written here yesterday
when Charles S. White and Mrs.
Edith Jones, housekeeper for White's
father, were discharged from cus-
tody. They had been under bail for
a year in connection with the disap-
pearance of Billy Dansey, the four-
year-old boy, whose body was later
found in a swamp. Their release fol-
lows the failure of a grand jury to
find indictments against them.

Boys and girls who learn early to
take proper care of their teeth,
throats, eyes, ears and stomachs, have
made a long step toward healthy
manhood and womanhood. Through
its public health and nursing serv-
ices, the American Red Cross aims
eventually to reach all school children
with teachings regarding disease pre-
vention and health promotion. Here's
a school nurse treating a little girl
for sore mouth, at the same time im-
planting a valuable lesson in teeth-
brushing and proper diet.

This Is The ONE Reason Why You Should See and Hear The Pathe Phonograph NOW

We lay this proposition down as the naked truth, that sooner or later every cultured and well-conditioned home will own a phonograph.

The Question is---Which One?

The purpose of this demonstration sale is to prove that the jeweled Pathe is the one to own.

The Pathe phonograph is superior, because it differs from other talking machines.

It has invaluable features which other phonographs do not possess.

With the Pathe phonograph, you do not have to worry with needles. Needles scratch and wear out your records, to say nothing of the inconvenience in having to change them every time you change a record.

The Pathe plays with a Sapphire Ball. This Sapphire Ball is round and smooth, is ground under a microscope to exactly fit the grooves in the records and is indestructible.

You can play a thousand records with a single Sapphire Ball, without injury to the records or to the Sapphire Ball itself.

And the tone! You have never heard such marvelous, lifelike tone reproduction in a phonograph, unless you have listened to the genuine Pathe.

Yet the PATHE costs no more than the ordinary Phonograph

And it is to more thoroughly demonstrate this fact, this marked superiority, that this sale is being held; that 100 genuine Pathe phonographs (Model 10), with their complement of \$25 worth of FREE Pathe records, have been allotted to us for this purpose in Alexandria that this same identical sale has been planned for a nation-wide demonstration which will embrace approximately 100 of the principal cities of the United States.

SALVATION ARMY "A TOWER OF STRENGTH," SAYS HELEN KELLER

Left to right: Mrs. Macy, Helen Keller's instructor, the famous blind and deaf girl, and Brigadier Josephine Albright, Salvationist.

Salvation Army officers in Pittsburgh were amazed and pleased recently to learn from Helen Keller herself that, despite her handicaps, she is almost as familiar with the work of the organization as any doughboy who fought in France.

In perfectly enunciated English this girl, who in childhood was dumb as well as blind and deaf, told Brigadier Josephine Albright, in charge of the Army's work in Pittsburgh, how highly she esteems the organization.

"I feel that with the aid of the kind heart and strength in the Salvation Army," she stated. "I have been able to do things for my fellow men that I could not have done otherwise." "The Salvation Army is an organization for the brave and the efficient." "The Salvation Army is an organization that holds forth the spirit of life to those who are bowed down." "Miss Keller's attitude to the Salvationists came in the course of a spiritual trip which she is now making."

FIRST LASSIE AND SECOND CONVERT STILL IN SALVATION ARMY SERVICE

Commandant Emma Westbrook, member of the first Salvation Army contingent to land in America. (Insert) Louis Petain, the Army's second American convert.

Veterans both, Commandant Emma Westbrook of Indianapolis, 70, member of the first contingent of Salvation Army lassies to invade this country, and Sergeant-Major Louis Petain, 67, of Brooklyn, second convert made by the struggling little band in America, will be active workers in presenting the Army's 1920 appeal for support of its Home Service Fund to be made throughout the country May 10 to 20.

These two workers have seen the organization grow from the veriest fire in the field of service and relief in 1880 to the powerful influence that it is today. They have never left its service and entertain no thought of doing so. They want to help raise the \$10,000,000 necessary to carry the work through another year.

The difference in the figure of the complex appeal and the mile collected in their tambourines in the old days demonstrates concretely the difference that 40 years have brought. "You can't buy courage, money, you've got to earn it." Commandant Westbrook is a traveling inspector of corps in Indiana, while Sergeant-Major Petain is still an active worker with the Brooklyn Post No. 1. "Ash Bazel Jimmy," the Army's first American convert, died a few years ago. He was sentenced to serve six months with the Army by an exasperated judge who had given up hope of reforming the drunken "rehabilitation man." Jimmy accepted voluntarily to make it a life sentence and stayed with the organization until his death. He obtained the rank of captain and served others in the Salvation Army for his life.

How Do You Feel— When You Stoop?

Slow and sluggish movements, tired action, backache, rheumatic pains, stiff joints or sore muscles indicate that something in the human system is out of order. In most cases, these symptoms are the result of waste matter or poisonous acids being left in the blood by the failure of the kidneys to properly do their work of filtering and casting out impurities from the blood.

STOPPED HIS BACKACHE
"I am 20 years old. I tried Foley Kidney Pills, thinking I needed them—as my back was hurting and aching all the time. I got so bad that when I would stoop over in the store where I work I could hardly raise myself up without catching my back. After taking just one bottle of Foley Kidney Pills, my backache was entirely gone and I felt good and strong. I think they are the greatest remedy for backache and kidney troubles."—W. P. Tatum, N. E. D. I. Washington, Pa.

FOLEY KIDNEY PILLS
have been used by young, middle-aged and old with complete satisfaction. You will find them different from all other remedies. They act quickly and surely and have given relief in cases of years' standing. If you have cause to suspect your kidneys are weak, disordered or inactive, you should act immediately.
